## Free Tools Offered by AAPC

---

These can be found under "Resources"

**E/M Utilization Benchmarking Tool** - This tool is provided to compare a physician's, or an entire practice's, evaluation and management (E/M) CPT code utilization to peers in the same specialty

**Work RVU Calculator (Relative Value Units)** - Our work CPT® RVU calculator provides a quick analysis of the work relative value units associated with a certain volume of CPT or HCPCS codes.

**Risk Adjustment Search** - This tool will help you quickly search diagnosis codes or conditions to find the applicable HCC reporting requirements and weights.

**PQRS Measure Search Tool** - This tool will quickly help you search applicable measures for reporting purposes as well as quick links to the full documents.

**Health Plan Search: Provider Manuals and Policies** - AAPC has compiled data from over 500 local and national health plan's websites, provider manuals, provider policies, physician credentialing and Medicare/Medicaid eligibility.

This new search tool will be available to all for a limited time, after which it will only be available to AAPC members.
