Training Description:

This online course is designed for coding professionals working in OB/Gyn coding for physicians to prepare you for the COBGC™ certification exam. No other credential is needed to attain the COBGC™ credential. Students will review the common diagnoses, surgical procedures, and evaluation management coding specific to OB/Gyn.

Training Objectives:

1. Review common gynecology and obstetrics diagnosis codes and conditions.
2. Review CPT® and CMS E/M guidelines.
3. Common procedures performed in gynecology and obstetrics.
4. Discuss the most missed concepts on the COBGC™ certification exam.
5. Practice test that mimics the format and structure of the COBGC™ certification exam.

Training Content:

1. Interactive lectures with exercises.
2. Practice test with 12 cases and 35 multiple choice questions.

Methods of Evaluation:

The instructional methods used include online audio/video lectures and online practice test. AAPC certified members must successfully complete the training within the allotted time frame of one year or less with a score of 70% or higher on the practice test.
