

Corporate Corner

June 2022

Notes from National →

Here is some good news to help start your summer out right!

AAPC corporate membership renewal paperwork is now easier than ever. [The form](#) has been reduced to only a couple of pages. All you need to do to renew your corporate membership is complete and return the second page. You also have these two options:

- Submit a spreadsheet that includes the following information for each corporate member:
 - First name
 - Last name
 - AAPC member ID number
- Manage changes online (in lieu of the third page)

**Reminder! Unless you are renewing online, you need to submit updated paperwork every year.*

Helpful Hints →

Have you noticed the corporate account section of your AAPC account now includes a couple additional resources? Here is a quick overview:

- Download Membership Cards – This provides you the ability to download membership cards for your entire group with the ability to print (please note we are still working to optimize printing functionality).
- Verify Credentials – This links directly to the [Credential Verification](#) tool.

Both resources can be accessed by visiting your [Corporate Account Overview](#) page. You will notice the two bright blue buttons in the upper right corner of the screen.

Have you also experienced the online management is pulling up a little quicker than in the past? These are just some of the recent improvements made as we continuously strive to better serve your needs.

Diverse Deals →

Have you added any new corporate members to your account since January of this year? If so, we encourage you to invite them to a new member virtual orientation, [AAPC Insights and Connections: Roadmap to Unlocking the Value of Membership](#), taking place on July 20 at 5:00 p.m. MT.

Members can hear from their peers as they share stories about how AAPC has supported their knowledge and professional growth, while they get information on the numerous member values and benefits. This virtual engagement session will also include the current and future landscape for the coding industry, including job growth and more.

Do your corporate new members have questions? We've got the answers for them! There will also be games and prizes given away at the end of the session.
